EDITORIAL

While I was about to write the editorial, I came across the following and felt much impressed reading it and hence am reproducing the same, for the benefit of our readers.

SOMEBODY ELSE

There's a cleaver young fellow named
SOMEBODY ELSE

There is nothing this fellow can't do.
He is busy from morning till way late at
night;—

Just substituting for you,
You're asked to do this or asked to do that,
And what is your ready reply;
“Get SOMEBODY ELSE, Mister Chairman
He'll do it much better than I ”

There's so much to do in our Scouting
So much and the workers are few,
And SOMEBODY ELSE is getting weary and
worn--

Just substituting for you
So, next time you're asked to somethig worth-
while

Just give them this honest reply
“if SOMEBODY ELSE can give time and
support,

You can bet your last dime, so can I.!”

THE BOY OF 60

Born in 1907 in U. K.

*THE BOY SCOUT MOVEMENT
has marched all these SIXTY years
to cover about 100 Countries
of Europe, America, Asia,
Australia and Africa.*

*The journey all along was a joyous
one with the thrills of manifold
adventure and happy comradeship
shared by millions of young folk.*

*Thousands of age-olds stepped aside
to make room for millions new
and stagnance never strangled
the juvenility of the movement.*

*So even at its sixty
the movement is as young as a Boy
and it shall never grow old
at its centenary or so.*

The First Community Singing Course At Sangam, Poona

Music is our rich heritage. Many believe that music strengthen the spiritual and moral side of life. Scores of our people are good in appreciation of this art and musicians themselves. In order to develop and improve this hidden talent in our Scouts and Guides a Community Singing Course was held for the benefit of Adult Leaders, who in turn are expected to train Scouts and Guides in their area, from 16th to 21st June, 67 at Sangam, Poona. 24 Guiders and 12 Scouters from 10 States availed of this opportunity. Mrs. C. Mohini, Camp Chief (Guides) was the Leader of the course assisted by Miss V. J. Caleb, on Guide side and Shri D. S. Siddaiah on Scout side. Mrs. Banoo cama of Bombay and Commander Japeth of Calcutta played their part very well as instructors of the course. In addition instructions in singing to trainees were imparted how to organise campfire, parents' evening, variety shows and the important part played by music in public relations.

Dr. H. N. Kunzru, Former National Commissioner, Mrs. Lakshmi Mazumdar, National Commissioner, Dr. M. N. Natu, International Commissioner (Scouts), Mrs. Z. R. Ranji, Chief Commissioner (Guides). Mrs. Leela Anjanappa, Dy. Chief Commissioner, Shri D. P. Joshi, Former National Organising Commissioner and the elite of the City of Poona were present at the grand

campfire held on the evening of the 20th June, 67. The International Folk Songs, Skits, Stunts given by the trainees, Scouts and Guides of Poona were very much appreciated by the invitees.

Mrs. Mazumdar delivered the Valedictory address of the course and distributed the certificates to the participants.

During the course of address she asked the Adult Leader to put into practice the training given by raising Scout and Guide choirs in their respective areas.

Sangam provides an excellent environment for such events and camping facilities for Scouts and Guides.

(Miss Manik V. Patankar, A.S.O.C. of Belgaum, attended this course)

Sangam Song Composed and Taught by Commander Japeth, Calcutta

The symbol of oneness, Sangam is our pride,
Where love and affection don't change like the tide,
Regardless of colour, religion and creed
To spread benevolence we're sowing the seed
Guides of all nations, together we stand
In goodwill and friendship, united our band.
To help the weak and aged, we make ourselves strong,
To gain inspiration we always sing this song.

FIFTH ALL INDIA JAMBOREE

HINTS THAT MATTER

WHAT TO BRING

As far as possible the luggage of an individual should not exceed 20 kgs. in not more than 2 pieces, e. g., a bedding and a small ruck-sack/suitcase. State Associations are requested to issue baggage labels to each member, clearly indicating the name of the contingent.

A suggested list of items to be brought was given in the 1st Bulletin. And as your Scouts and Guides are veteran campers (we hope), they need not be told about these things over and over again. Still, we feel it necessary to mention a few points :—

- * Keep your things to the minimum.
- * Do not bring costly articles or pets to the camp.
- * If you cannot stand the bite of a few mosquitoes, be safe by bringing a mosquito curtain. This will ensure you a sound sleep no doubt.
- * Musical instruments may be carried and these will surely be welcome.
- * If your Scouts/Guides have photography as a hobby they may bring their cameras. Arrangements for developing and printing of films will be available at the Jamboree.

* The climate of Kalyani during winter is generally 50°F; Rainfall—Nil. As we all shall be spending the nights under canvas, please bring sufficient blankets and other warm clothings for the night. A light warm garment for the day will be sufficient.

* Bring sufficient changes.

* The dress order for Practice and Ceremonials for the campers are the prescribed Scouts/Guides Uniform.

FOOD

In view of the difficult food situation in our State, it might be necessary for contingents to bring cereals for their own use. Since travelling with cereals inside West Bengal requires a permit from the Government Authorities, contingents bringing cereals with them will kindly inform Jamboree Headquarters by the 15th November 1967 so that arrangements may be made at this end to obtain transit permits for them. Efforts are, however, being made to procure cereals locally. If our efforts are successful, State contingents will be informed accordingly.

JAMBOREE ADDRESS

The Postal address for the campers attending the Jamboree will be as follows :

NAME

.....Contingent

5th All India Jamboree,
P. O. Kalyani,
Dist. Nadia,
West Bengal.

The telegraphic address of the Jamboree Headquarters and the Council with effect from the 15th December '67 to the 3rd Jan. '68 will be—JAMBOREE, KALYANI.

PROGRAMME

Each day during the period of the Jamboree will carry a 'theme of the day' as follows:

- 27th December National Integration Day
- 28th ,, Friendship Day
- 29th ,, International Day
- 30th ,, National Productivity Day
- 31st ,, President's Scouts & Guides Day

Details of activities planned for each day will be issued to all concerned on their arrival at the Jamboree site.

HEALTH

As you have been informed earlier, please get your Scouts/Guides ready with Vaccination against Smallpox and Innoculation against Cholera and Typhoid. Do not get perturbed when we request you about this. The procedure is normal but none the less, it is **essential** for everyone in any mass gathering and ours is not (going to be) an exception. Remember we shall be more than 15,000 strong including the contingents from Overseas. Please ensure that this programme is carried out without question.

SOUVENIR

A Jamboree Souvenir, containing articles and messages from eminent Scout and Guide Leaders of India and abroad is in the making. Photographs of Jamboree preparation and of important news items are welcome.

HANDBOOK AND DIARY

A Jamboree handbook and diary will be made available to all campers free of cost. It will contain important information regarding the Jamboree and provide enough space for you and your Scouts and Guides to write the daily notes, the names and address of many new friends, etc. Contingent Leaders will please collect the same from the Registration Counter on arrival at the Jamboree and distribute the same to the members of his/her contingent.

STATIONERIES AND MOMENTOS

Stationery articles like envelopes, post cards, pads, Jamboree Seals, etc., with our Jamboree Badge printed on them will be available on payment. It would be appreciated if such articles are used by the members of your contingent.

A special Stall will be at your disposal for branding and punching your leather belt with the Jamboree Seal at a nominal cost. Attractive woggle, Badges for the Scout Staff, Jamboree Souvenirs and momentos will also be available on payment.

JAMBOREE SUB-CAMPS:

The Jamboree will be divided into the following Scout and Guide Sub-Camps:—

CUBBING IN OTHER COUNTRIES & ITS INTERNATIONAL ASPECT At Ganganagar, Calcutta - 19th March 1967

BY

Lt. Col. V. K. Sundaram, M.C. (IMS) Camp Chief (Scouts) India.

The 'Yarn' on Cubbing in other countries and its Inter-National Aspect, needs if possible, a personal knowledge. This shall add interest and a little colour to the presentations.

Cubbing in other Countries :

My maiden knowledge of Scouting in other countries was gained in 1947 at the 6th World Jamboree, in Moisson, France, the first World gathering of Scouts after the II World War. India, yet to be partitioned, sent a combined largest ever Contingent of 150, 128 Scouts and 22 Scouters including the Leader. I was there in the dual role of 'the Surgeon' of the Contingent and the Leader of the 8 Scouts in the Contingent from the State of Mysore.

It is a known fact that Cubs do not enjoy by themselves an International gathering. The 'Boy Scouts' have the once in four years, Jamborees, from 1920, and the 'Rover Scouts' had the once in four years Rover Moots, from 1931 to 1961. 'World Rover Moots' as such have been given up since. However the Cubs of the Host Countries are permitted to attend the Jamborees in the day time only. An exception was made to this rule about the Cubs at the Moisson Jamboree. The then Director of the Boy Scouts International Bureau, Col. J. S. Wilson, CBE had Lord Peter Baden-Powell, the only son (now late, since Dec : 1963-49 years old) of 'B.-P', as his A.D.C. and with him was the 11+ years old 'Robert', Peter's first son and grandson of the Founder. 'Robert' was then a Cub, but was kept in

the Campus with his father and the Director. He was introduced to the Jamboree, as a special case. Col. Wilson was in 'Calcutta Police' prior to 1917 and at this Campus we have "Wilson's Way" 17th November 1952 in memory of his visit later in 1952.

After the 1947 Jamboree, we - my wife (Dr. Padma Sundaram), our son, then 11+ and a Cub, now a Major in the EME, and I - stayed in U.K. till October 1949. Taking the two years full time University Course for the Diploma in Medical Radio Therapy (D.M.R.T.) for the treatment of Cancer and allied diseases with Deep X-Rays and Radium, I completed the same successfully in October 1949, to be the second Indian to qualify for this new Diploma by then. Since the studies were done at the Royal Infirmary, Edinburgh, University of Edinburgh Scotland, I got attached to the Scottish Association (Scout) and the Local Association at Leith, in Edinburgh, where we lived. Our son was admitted into the Royal High School, Edinburgh, for his High School studies, where he joined the 'Sea Scout Troop' and by 1949 when he left, he was a Second Class Scout. He had finished all his tests for First Class Badge but could not earn the same because he was only 13 years and six months.

During these two years I was assisting the 'Akela' of Scotland, The Chief Cub Commissioner and top of Cub Trainers in Scotland, Mrs. Dina Wilson Dodds, in all the Cub Wood Badge Courses and was taking part in all their functions at their Scottish Training Centre, 'FORDELL' in Dunfirmline. Most of the Trainees on these Courses were women drawn from all walks of life.

On 10th March 1949, I had the unique participation on behalf of our Country, at the All Scotland Cub Commissioners' Conference and was given the privilege of carrying our National Flag at the March Past of the Nations which had Cubbing also in their Scouting Schemes. About 60% of the Commissioners were women.

Why this switching over to more Lady-cubmasters in place of the Men Cubmasters, was clearly elucidated by Prof. Rex Knight, the department of Psychology, University of Aberdeen, Scotland, at Annual Gathering of All Scotland Commissioners' conference on 4th and 5th June 1949. As one of the participants, I heard him telling that the Cub, 7 to 12, years, is still the mother's boy at home; he turns first only to his mother for all that he needs, for all that he wishes to complain about and for all the love he needs as a child, this is the general rule psychologically, said the Professor; based on this factor the boy when he attends the Pack meetings once a week and for an hour, is being provided with another who shall bestow on him the same motherly atmosphere.

Another factor, in favour of women Cubmasters was that during World war II with all the able-bodied at the front, many young women volunteered their services as Cubmasters and they proved highly efficient with telling effect.

In U. K. most of the Scout Groups are Church Sponsored and the church Hall in each locality are lent as Dens for the Packs to meet once a week, generally on Saturday evenings.

The training of Adult Lady Leaders is also done mostly by Lady members of the Training Team for this Section, and are assisted by Lady members. There is an 'Akela Leader at Gilwell, Miss Trimby and she gets assisted by the Asst. Camp Chiefs and a lot of Lady Akela Leaders of the 'visitng staff' attached to Gilwell.

All of us now know that Scouting as a whole in U. K. (for U. K. only at the present moment) has had a renaissance as it were. The changes as recommended and as accepted by the 'Advance party sent up two and a half years ago by the Chief Scout of the British Isles & the Commonwealth and by the committee of the Council of the Association respectively have been taken into practice since October, 1966. The finalised recommendations were released on the 9th June, 1966. I can well remember this date for on the 8th June, as I was driving up our dear National Commissioner from Hoshangabad Rly. Station to the National Trg. Centre, she was telling me that she had with her the Advance Party's report, sent to her, but that she could not tell me more about it till the next day when only it was to be released officially in U. K.

In August 1949, when I had the chance to attend the 4th. Rover Moot at 'Skjak' pronounced as 'shock'—, Norway and also the XII Boy Scout World conference, as a delegate, connected with the above Moot, I had the chance to see cubbing in Norway not much of a difference from that in U.K.

Before we should go to other countries I have had the chance to visit in later years, an idea of what cubbing is in U.K. to-day may be stated.

The British 'Boy Scout Asscoaiton' has been changed to the The British Scout Association.

The 'Wolf Cub Section hither to, is to be 'Cub Scouts'. The Cub Scout promise and the 'Cub Scout' law are brought in line with the Scout Promise (without on my Honour) and the essence of the Scout Law, respectively. The Cub Salute with two fingers is replaced by the 'Scout Salute'. The Scout Salute is to be used only when in Uniform. The 'Scout sign' is there also for the 'Cub Scouts' to be used when making or re-affirming the Promise, but not at other times.

The motto for the whole movement is now "Be Prepared" "Do your Best" that was for the erstwhile 'Wolf Cubs' is to be obsolete.

In fact the recommendation of the Advance party was to delete the phrase, 'On my Honour' even from the 'Scout Promise' to make both the 'Cub Scout' and the 'Boy Scout' to do the same Promise. But the Committee of the Council of the Association has not accepted the recommendation.

The 'Grand Howl' though retained has been made simple and straight 'forward'. The mistique of the hitherto 'dybs' and 'dobs' has been made clear; instead the Leader of the 'Grand Howl' is now to ask, "Cubs do your best" and the reply is to be, "We will do our best." The significance is made clear for the parents and the public.

The 'Cub Scout' Investiture and the Going up Ceremony are made simpler. The titles Cubmaster and Assistant Cub-

Scout Leader. The 'Cub Scout Pack' is to be staffed by both men and women-at least one male Leader or male Instructor in every 'Cub Scout Pack' team. More parents are to assist in the passing of tests but normally at pack Meetings rather than at home.

In July-August-September 1965 I was in Gilwell as one of the 'Visiting Staff' for five weeks on the four Major Courses during the period; the talk about the Advance-Party was there, but the results were not known. In 1966 September when I was again in Gilwell in connection with my participation in the 4th World Training Conference, I had the chance again to be one of the Visiting Staff on the Gilwell 11th 'T.T.T.' Course. Most of the changes introduced were being practised at the Sessions connected with Cub Section.

According to the new Scheme, the 'Jungle Book Theme' is retained as the imaginative background to introducing Cub Scouting to the 8 to 9 year old boys only. Thereafter the Jungle background theme is phased out. While the 'Six' system with the Sixer and the Second to be continued, there is a definite 'No' to the appointment of a Senior Sixer.

The 'Advance Party's' argument for all the proposed changes is that the first Training Section is an integral part of the Scout Movement, not just a place for boys too young to join the Scout Troop. The Section name and the other things in main should fit in with the other Sections.

Now to the United States of America. We as a family (my wife, our son and I).

were invited to a 'Den Mothers' Meet' in Baltimore, in December 1948. For me than about 19 years in the Mysore Scouting such a meet was a treat. We were treated to a fine feast after the Cubs of a few Dens in the living atmosphere of their parents played a few games and all the parents and the children sat at various tables to partake of a mixed supper prepared and brought in from each home. The Dens belonged to that particular locality of the town.

The parents take more interest in the Training of their boys of the Cub age. From the beginning in the 1919-1920, they called this Sections as 'Cub Scouts' and the emphasis has been the "home and neighbourhood" affair-backyard fun and occasional family picnics." The family itself became the main focus of Cubbing and parents joined in the activities of their boys. "When parents approve their boy's application to become a Cub Scout, they also sign themselves up in Cub Scouting."

The signing up is as follows :—

"As Cub Scout parents, we understand, the Cub Scout programme recognises the home as the greatest influence in a boy's life. For our son to gain the most from his Cub Scouting experience, we will take part in Cub Scouting activities with him.

- a. By instructing and assisting our son in completing his Cub Scout activities, achievements and electives, and by approving his work when he has done a job that measures upto his skill and ability;

- b. By attending monthly Pack Meetings regularly, and by taking part in other Den and Pack activities;
- c. By assisting and co-operating with Den and Pack Leaders, and by serving as Leaders, if called upon."

The 'Den'—a small, natural neighbourhood Group, is the work unit in Cub Scouting. The Den is guided by the Den Mother and a boy Scout Den Chief.

The Pack is made up of several Dens. It is sponsored by an institution and led by a Cubmaster and one or more Assistant Cubmasters.

The achievements :

First : Bobcat—during the 8th year of age.

Second : Wolf— „ 8 to 9 „

Third : Bear— „ 9 „ 10 „

Fourth Lion — „ the 10th year—after.

There are further advanced badges also.

The final 'objective' of Cub Scouting in the Boy Scouts of America is that the boy-Cub Scout—of 10½ and under 11 years should perform an appreciable Service project for his house, his Den or his Pack, and then be ready to become a Boy Scout. Baring this time I went to Canada also—Montreal.

The next place I have been to know of Cubbing is Ceylon in 1961. Here it is the same as English Cubbing, mostly, what it is going to be remains to be seen.

Kuala Lumpur (Malaya) and Singapore in December 1964 : very nearly the same as in Malaya ; both as in English Cubbing there.

Mexico in September—October 1965 presented the same features as in the Boy Scouts of America, the influence being close by. One evening, in batches the delegates to the World Scout Conference were guests for dinner at the homes of members of the several local Associations in the City. The Senior Age Cub Scout of the family in each case shared most of the burden of looking after the guests. The Parents and almost all the members of the families, who were of age to share the Friendship in the Movement, were so and where applicable in Uniform also. The combined hospitality to the guests had no bounds.

While at Gilwell in September 1966, I met the Iranian National Training Commissioner. He was talking about Cubbing in Iran. Iran has had the same feeling as Bharat Scouts & Guides regarding the use of the word Wolf for the Cubs. In Iran also wolf was considered as unclean and despicable. The Iranians did not desire their children to be called wolves. They never used this prefix.

The last place I visited was Amsterdam in September 1966 (10-9-66) on my return from Gilwell. Luckily it was the Annual Aquatic Sports day for the Sea Scouts and Sea Guides Groups. The Cubs and Brownies were in their colourful uniforms. For these younger Groups it was a day of fun and enjoyment.

THE LAW OF THE SCOUTS (A Song)

(Tune : John Brown's)

We Scouts have got a law of which we are proud as proud can be,
It is kept by all from "Tenderfoot" upto Chief B—P

And if you pass the tests and make the promise same as we,
Why then you will be a Scout.

Chorus : Be Prepared—to do your duty (repeat three times)
If you would be a Scout.

- 1 THE HONOUR of a Scout is dearer far to him than life (thrice)
Remember you are a Scout.
- 2 Be **loyal** to your country, troops and friends as well (thrice)
Remember you are a Scout.
- 3 Give **help** where help is needed and be useful in the world (thrice)
Remember you are a Scout.
- 4 A Scout is a **friend** of all the world and we are brothers all (thrice)
Remember you are a Scout.
- 5 **Respect** and honour women like the valiant knights of old (thrice)
Remember you are a Scout.
- 6 A Scout is **Kind** to animals and never kills for sport (thrice)
Remember you are a Scout.
- 7 When an **order** is given you must never question why? (thrice)
Remember you are a Scout.
- 8 When things go wrong a **Smile** will put them right (thrice)
Remember you are a Scout.
- 9 **Save** whatever you can spare against a rainy day (thrice)
Remember you are a Scout.
- 10 Keep your thoughts from evil, let your words and deeds be **clean** (thrice)
Remember you are a Scout.

(SING CHOROUS i.e. BE PREPARED etc.....after each verse)

Last verse :

It is not the cap and shoulder knot that make a boy a Scout,
It is not the badges on his arm that prove beyond a doubt,
But by the way he keeps the Law and lives it out and out
You know he is a SCOUT.

Lakshamma, State Commissioner (Guides) were present at the Central Training Camp on 25-10-67 and addressed the Campers. They were the Chief guests for the evening's combined Grand Camp Fire.

WORST HANDICAPS :— Prof. W. Page Pitt is West Virginia's remarkable Professor of Journalism. He's practically blind. One day, one of his students said "Prof. Pitt, which would you consider the worst handicap-blindness, deafness, or no arms and legs, or-?. Page exploded at once, "None of these things ! Lethargy, irresponsibility, lack of ambition, or desire-they are the real handicaps..... If I send you out on a story and you can't get it because you have broken a leg, call me, before the ambulance comes, and I'll forgive you. But don't give me excuses ! They wound me, and explanations put salt in the wound. It's RESULTS, not excuses, that count in life!"

WE HEAR THAT.....

A World Scout Badge—We enthusiastically support the proposal of the 5th Far East Conference and of Sierra Leone, of universal Scout badge for all Members of the Movement. For every Scout to know and for every new Scout to be told, as he takes the Promise that the Badge he will wear is worn by every Brother Scout, throughout the world, would emphasize both the unity and universality of the Movement, to which he belongs. It is probable that such a badge would be in addition to his national membership badge, as in some countries, the latter is protected by law. We commend this proposal to the World Committee, for earnest and urgent study.

Boy Scouts World Bureau Shifted—The 300 delegates from 70 Nations who had attended the 21st World Scout Conference at Seattle (USA), in August, 1967, voted for moving the office of the World Bureau from its current location, in Ottawa, Canada, to Geneva, Switzerland. Dr. Laszlo-Nagy, of Geneva, was elected Secretary-General of the World Bureau, to fill in the vacancy caused by the retirement of Major-General D. C. Spry. He will take over on May 1st, 1968.

Scouting in Australia—is still very popular amongst the teenagers, despite the most modern influences of pop-music, long hair, tight jeans and all-Go-Go. Excellent training facilities are available to all the four sections of Scouting Cubs, Scouts, Senior Scouts and Rovers. A very rugged programme was selected: for the Senior Section, comprising Venture-Hikes, rock-climbing, canoeing, back-woodsman and culminating in the Queen's Scout Badge.

IN 1966, Cubbing celebrated its 50th Anniversary.

We hope that the Cubs of 1966 and the future will enjoy the programme as much as the hundreds of thousands of boys who have been cubs since 1916.

IS N'T IT INSPIRING?

Dear Brother R.....

Can you think for a while who exactly is writing this letter? At the first instance you may answer yourself "A Scout". Yes.....Yes.....I am T..... a Scout. I am here now; I am an Advocate now. I am put up above... see the corner When shall we meet? So, reply soon.

What more news my friend? Well you say. Now I have got something to write. Here in V....extension I have started a troop. You want the name? Yes, "S....."

I am going to be here for a long time and I would like to establish a troop or a group here also and live with it.

When I was ill at Dodballapur I was treated well by a few Scouts and Scouters. Yes, you are one among them. Let me take this opportunity to thank you and to them..

Hoping to see you soon and expecting an early reply.

Yours affectionately

Jungle Voices - A song for cubs

(Tune : "Poor old Joe")

Where are the cubs who obey, the jungle law ?
Where are the cubs who have heard the Tiger's roar ?
Where are the cubs who still learn the forest lore ?
Oh, hear the jungle voices calling to the pack !

Chorus : We're coming, we're coming,
All the cubs are coming back,
We hear the Jungle voices calling
To — the — pack.

Come where we learn how to hunt along the trail ;
Come where we learn not to give in though we fail ;
Come where we learn we must strive till we prevail ;
Oh, hear the jungle voices calling to the pack !

CHORUS :

Where are the cubs who would rather laugh than cry ?
Where are the cubs who will help the passer by ?
Where are the cubs who would scorn to tell a lie ?
Oh, hear the jungle voices calling to the pack !

CHORUS :

Come where we learn to meet trouble with a grin ;
Come where we learn we must end what we begin ;
Come where we learn we must heed the voice within ;
Oh, hear the jungle voices calling to the pack ;

Snake Bite-What to do

When a snake bites, the poison flows into the tissues of the victim. This poison rapidly enters the veins and is carried in the venous blood back to the heart, where it commences its deadly work.

LIGATURES

You must prevent this poisoned blood from getting into the heart. A ligature will compress the veins, and prevent the blood from returning to the heart. Obviously, if you place your ligature as near to the body as possible, your chances of trapping all the poisoned blood in the limb is greater. But you must be quick. Blood in the veins travels fast. Your two hands (use thumb and forefingers, and gripping the limb firmly) will act as an efficient ligature until you get a piece of rubber tubing, a scarf or handkerchief into position. Avoid using boot laces or string. These cut into the skin and are very painful. Try putting ligatures on your own arms for five minutes. Once you have stopped the flow of blood, you have time to think, Make your patient comfortable, and re-assure him. It is no use saving his life from snake bite if he dies of fright!

DEEP CUTS

Next a razor blade should be used (a clean, non-rusty one) to make a deep cut along the puncture marks. Make the cuts about a quarter inch deep and squeeze out the blood. Let it bleed freely, and in the meantime you should have sent for a doctor.

REVIEW

"Our Chief" by "Shada" is an excellent book-let dealing with the inspiring life of the World famous Founder of the Scout Movement, Lord Baden-Powell. In a very short compass of just a small number of printed pages, the gifted and ingenious Author has found it possible to deal adequately with all the salient features of the inspiring life of the great Founder, and has also succeeded in showing how the "child was the father of the man", and how the main events of his life from boyhood to school days from Army career in India to the seige of Mafeking were only preparing him almost deliberately for the great task he had ahead, namely, his historic experiment in Brownsea Island in 1907 and the inauguration of Scouting through the publication in 1908 of his greatly inspired SCOUTING for Boys.

* "Our Chief" is an inspiring little Book dealing with a greatly inspiring life and the genesis of Scouting. It deserves a proper place in all Troop and Patrol Libraries and in all personal libraries of Scouters.

It is also worthy of special mention that three or four of B.P.'s pictures appear in this booklet almost for the first time
